SANDEEP KUMAR PRAJAPATI

Electronics & Communication Engineering Graduate | Embedded Systems • Electronics • IoT

Jaunpur, Uttar Pradesh | +91 70527 84297 | sandeeppra7052@gmail.com

LinkedIn | Portfolio

PROFILE

ECE graduate (CGPA 7.26/10) seeking an entry-level opportunity in electronics testing, hardware, embedded systems or IoT. Familiar with basic electronics, Arduino-based sensor interfacing, embedded-system concepts and C/Python fundamentals. Interested in learning through practical engineering work.

TECHNICAL SKILLS

Electronics: Analog/digital fundamentals, basic PCB understanding, MOSFETs, power-electronics concepts, sensor interfacing
Embedded: Arduino, STM32 concepts, Embedded C basics, PWM, relay and sensor integration
Programming: C (basic), Python (basic)
Tools: MS Office, MS Excel; MATLAB/Simulink exposure through project work

PROJECTS

Solar-Powered Car — B.Tech Final-Year Project

- Worked on a solar-electric vehicle concept using a 100W monocrystalline PV array, Arduino-based MPPT control, battery-management components and STM32-based BLDC motor control.
  - Project technologies listed in the project documentation: STM32F103, Arduino Mega, MOSFET (IRF3205), INA219, Hall-effect sensors, BMS, PWM and MATLAB/Simulink.

Smart Plant Watering System — Team Project

- Developed an automated irrigation concept using soil-moisture sensing and relay-based control logic.
  - Technologies: Embedded C, Arduino, soil-moisture sensor and relay module.

EDUCATION

B.Tech, Electronics & Communication Engineering — Rameshwaram Institute of Technology and Management, Lucknow | 2022–2026 | CGPA: 7.26/10

Intermediate (UP Board) — Sarvajanik Inter College, Badshahpur | 2022 | 63.04% **High School (UP Board)** — 2020 | 73%

CERTIFICATIONS & TRAINING

- Embedded Systems Summer Training — SMPS Innovations Electronics Pvt. Ltd. (2023)
- Python for Data Science Workshop — Kalam Pragati Lab, AKTU (2025)
- AWS Cloud Club — Certificate of Achievement, University of Lucknow
- Innovation & Design Thinking
- Introduction to Generative AI Studio — Simplilearn / Google Cloud (2025)
- Prompt Engineering with GitHub Copilot — Simplilearn / Microsoft (2025)
- Presentation Skills — TCS iON (2025)

ACHIEVEMENT & LANGUAGES

First Prize in Project Presentation. | Hindi and English.
